Minutes Board of Sewer Commissioners

Meeting: September 7, 2004

Present: Paul Swydan, Secretary
Paul Burnett
Jack Perreault, Town Engineer
Robert Tozeski, Superintendent Water & Sewer

Absent: Joseph Zecco, Chairman

The Board accepted the minutes as written for the meeting of June 1, 2004.

1. The Board was scheduled to discuss a proposed sewer connection in the Brook St. area for a parcel of land. The proponent of the project did not appear at the meeting and the Board learned that another person had made an offer for that parcel and the original proponent had withdrawn his proposal.
2. The Board next discussed an abatement request regarding 11 Brook St. The owners had recently received a sewer assessment for their property. One of the owners, Denise Govoni, was present at the meeting and stated that she moved into the house in 2003 and had a clear municipal lien certificate at that time. The house had been connected into the sewer by the developer into 2002. The Board felt that the issue was between the builder and the owner. The Board wanted the Town Engineer and the Water and Sewer Superintendent to check into the background of this further.
3. The Board signed various sewer assessments.
4. Bob Cole appeared before the Board to discuss offsite credits for parcels owned by Joseph Cariglia on Spring St.

Sewer assessments have been issued for the parcels in question; Mr. Cole felt that part of the offsite credits for Park Grove Estates should be applicable to Mr. Cariglia properties. The Board instructed Mr. Cole that an abatement form would need to be complete before the Board could decide on any abatement request.

5. The Board reviewed a proposed sewer extension on Grafton St. from Hemmingway St. southerly to house #491. The Board accepted the plan with the added revision of adding a sewer lateral for the property located at #487 Grafton St.

The meeting was adjourned at 8:00 p.m.

Respectfully submitted,

Robert Tozeski
Superintendent Water & Sewer
